### **Common *Anti Fatigue Mat* Applications**

**For workers who spend their days on their feet *anti fatigue mats* are a godsend. They relieve foot, leg, and lower back pain. It has been shown that workers actually get less tired and perform better when standing on *anti fatigue mats*. The Mat Tech has a wide variety of *anti fatigue mats* including Hog Heaven Hog, Happy Feet, Comfort Flow and Marbleized Tile Top to name just a few.**

**Common areas *anti fatigue mats* are used are as follows:**

**Hospitality/Hotels: Hotels are a great place for *anti fatigue mats*. Potential applications include the reception desk and concierge desk. An excellent selection this area is the Hog Heaven Plush. You can give them a product that not only feels great to stand on but also has a beautiful carpet surface that will not detract from the hotels appearance. Another common application is in laundry facilities of larger hotels. A rubber surface *anti fatigue mat* like Hog Heaven Fashion, Marbleized Tile Top or Fatigue Fighter are good options for the location workers are washing and folding laundry.**

**Retail/Grocery/Department Stores: Grocery stores and other large retailers have employees standing all day at checkout stands. Carpet top and rubber top *anti fatigue mats* are both possibilities for this application. Reducing fatigue and costly mistakes associated with stress can save the retailer significant amounts of lost revenue. Deli and Butcher shops within grocery stores are excellent locations for safety *anti fatigue mat* products..**

**Banks: Banks can use many *anti fatigue mats* because they have tellers standing in one place all through the day. Banks can also appreciate the different *anti fatigue* options with carpeted surfaces like Carpet Top or Plush Top Anti Fatigue that complement any décor.**

**Schools/Restaurants: Schools and restaurants are also potential applications for *anti fatigue mats*, especially in the kitchen areas. The Comfort Flow mats are great for food service areas because they are lightweight, grease proof, and have a low profile.**
